

The Ladies Bible Study spent a nice morning visiting the Christian Book Store in Ft Myers, then had lunch at Sweet Tomatoes. All who attended enjoyed perusing the beautifully stocked and decorated store and the good food and fellowship which followed. Most came home with useful purchases.

One of the ladies asked for some advice on how to get rid of a bird that had been trapped under her trailer for several days. The constant chirping was robbing her of much needed sleep but the noise was lessening and she feared the bird was dying. Several suggestions were given, even to calling the Animal Rescue League. We were relieved when a friend informed her that the problem was a dying battery in her smoke detector!
