

## **MOBILE MANOR BOARD**

### **JULY UPDATE**

**We are sure you all are waiting for latest news as to the progress that is being made with the bridge repair/replacement.**

**Bill Wotherspoon is working with another contractor who has inspected the bridge and Bill is waiting for (2) proposals for possible replacement or repair.**

**Just as soon as Bill hears back, we will share this information with everyone.**

**We know you are anxious to hear something and hopefully get your bridge back open, at a reasonable and feasible cost that Mobile Manor can afford.**

**Work continues on new water system proposal, as soon as we get some costs, we will present them to community.**

**Work is being done in other areas, in spite of the hot weather.**

**Enjoy your summer. Stay safe.**
